Up to 330 lbs (150 kg)

Optional Soft-Stops, Push-To-Open or synchronized bi-parting doors

Aluminum valances to clip on the track profile

Made in Germany

falkenstein-doors.com/smarttrack

The SMARTtrack pocket door track simplifies installation with its user-friendly features.

Versatile by design, it easily adapts to almost any wall construction. Maintenance is streamlined with a milled inspection opening for easy access and a remote door stop adjustment. Compatible with a range of door dimensions, SMARTtrack defines flexibility in space management.

Features

- Available for up to 330 lbs (150 kg) wood and glass doors
- Optional Soft-Stops, Push-To-Open or synchronized bi-parting doors
- Track connector for easy alignment on bi-parting systems
- Optional recessed hardware for wood doors and glass clamps with valance for more clearance height
- Optional wall mounting profile
- Aluminum valances to clip on the track profile

Advantages

- Quick and easy door installation and adjustment after track/wall installation
- Exchange components without opening the finished wall
- The SMARTtrack can be customized in every detail to individual needs. Even after the installation!
- Tested for ADA-compliant operating forces with door weights up to 180 lbs.*

*Final ADA compliance depends on the complete door installation, accessories, and local site conditions, including proper level and plumb installation.

Push-Two-Soft

- Damper with Soft-Close/Soft-Open + Push-To-Open in one device
- Up to 180 lbs door weight
- For doors starting at 24”

Synchro for wood doors

- Both doors can open and close simultaneously using a cable
- For two wood doors up to 180 lbs per door panel
- Comfortable operation with one hand
